**Subject:** 260094 - Finchwood Park Parcel P13 / WWII Pillbox (RM condition 13)

Afternoon Keith

You had previously commented on the above discharge of condition application (memo attached). The applicant has come back with the following explanation:

**RM Condition 13 (WWII Pillbox)** – in relation to the comments received, the lectern material will be re-cycled plastic, and the frame legs are 1.6m long with 600mm deep holes required for installing and the mid-point of the sign would be 1.0m above ground level. The interpretation board would be A1 in size, and the frame would measure 955mm x 710mm. In relation to securing the Pillbox, standard construction fixings and hinges would be used to fix the grilles and hang the door. Impact will be extremely small, and the greater benefit is to secure the Pillbox.

Please can you confirm if acceptable? If so I will proceed to discharge the condition.

Thank you
