COMMENTS:

This application is for 75 houses on the land behind Canberra Lake Way. It was originally to be done by Hicks builders but they have sold the land to Bellway and the plans have changed. The original development had trees and shrubs separating the new development from plots 22 to 26 and 6 to 12, which stops these houses directly looking onto the new development and also our house and others seeing the new development clearly. This is a major change and I object to this change removing the of trees. Please reinstate the buffer of trees between the new development and Canberra Lake Way.
