Application Number: A/2001/3376

Parish: **EARLEY**

Location: **Able Instruments & Controls Ltd, Danehill, Cutbush Lane, Lower Earley, Reading**

Proposal: **Proposed erection of non illuminated letters and logo on building.**

The Wokingham District Council in pursuance of their powers under the above Acts and Regulations hereby **Approve Permission** for carrying out the above development in accordance with the application and the accompanying plans submitted to the Council subject to compliance with the following conditions, the reasons for which are specified hereunder.

Condition
1. The development hereby permitted shall be begun before the expiration of five years from the date of this permission.

Condition
2. No sign(s) shall be illuminated unless expressly agreed, in which case no illumination shall occur other than in accordance with any details that have been expressly agreed in writing by the Local Planning Authority.

Condition
3. a) Any advertisements displayed, and any site used for the display of advertisements, shall be maintained in a clean and tidy condition to the reasonable satisfaction of the Local Planning Authority .

b) Any structure or hoarding erected or used principally for the purpose of displaying advertisements shall be maintained in a safe condition.

c) Where an advertisement is required under the Town and Country Planning ((Control of Advertisements) Regulations to be removed, the removal shall be carried out to the reasonable satisfaction of the Local Planning Authority.

d) No advertisement is to be displayed without the permission of the owner of the site or any other person with an interest in the site entitled to grant permission.

e) No advertisement shall be sited or displayed so as to obscure or hinder the ready interpretation of, any road traffic sign, railway signal or aid to navigation by water or air, or so as otherwise to render hazardous the use of any highway, railway, waterway or aerodrome (civil or military).

Reason
1. In pursuance of Section 91(1) of the Town and Country Planning Act 1990.

Reason
2. In the interests of visual amenity/public safety.

Reason
3. To comply with the Town and Country Planning (Control of Advertisements) Regulations 1992 (as amended).

Informative
1. You are advised, in compliance with The Town and Country Planning (General Development Procedure) (England) (Amendment) Order 2000, that the following policies and/or proposals in the development plan are relevant to this decision:

Berkshire Structure Plan Policies OS1, EN1

Planning Issues :

Effect on street scene & neighbouring properties
Identified settlement

Application Number: A/2001/3376

Appraisal :

This application is for the erection of a non-illuminated sign.

The sign has a height of 1·2m and a width of 7·5m. It would be located on the south elevation approx. 5m from the highway. There is currently an existing sign on this elevation and, therefore, some impact has already been established. The increase in size on such a substantial elevation would not be considered to have sufficient adverse impact detrimental to the amenity of the area or neighbouring properties to warrant a refusal.

Dear Mr Brown

PROPOSED SIGNS AT ABLE INSTRUMENTS, UNITS 2A AND 8 DANEHILL, EARLEY, A/2000/2285 AND A/2000/2297

Thank you for your letter of 3 January, providing details of the existing signs at the above units.

Since the existing signs consist of a single solid tray and those proposed would comprise of a tray plus individually applied lettering a small increase in the overall size may be acceptable. However, in my opinion a 9196mm wide sign, as indicted on your revised drawing, dated 9/11/00, or a 8575mm wide sign as indicated in your letter of 14 November 2000 would still be too large. During our telephone conversation on 15 January we discussed a sign of about 7500mm wide and on the basis of the picture included with your recent correspondence, this may be acceptable. However, I suggest that a scale elevation of the buildings, indicating the size and position of the proposed signs, should be included with any future application, to give the case officer an accurate impression of the scale of the proposed signage.

I hope this information is of assistance to you. However, it is of an advisory nature only and given without prejudice to any future decision that this Council may take. If you have any further queries please contact me on 0118 974 6479.

Yours sincerely

DATA PROTECTION ACT 1984

'Information contained in this form is likely to be personal data within the terms of the Data Protection Act 1984, and as such will be held by the Council on computer (such as the PLANAPS applications processing system) and may be used by the Council only for purposes registered under the terms of the Data Protection Act.'

NOTES

GENERAL

1. Under the Town and Country Planning (Control of Advertisements) Regulations 1989, many outdoor advertisements required "express consent" from the local planning authority (usually the district council) before they can be lawfully displayed. Applicants should refer to the Regulations for details.

Period of Consent

2. Normally the maximum period for which the Council will grant consent is 5 years; but they have discretion to grant consent for a longer period. If consent is required for a specific period of more or less than 5 years, this requirement should be stated in reply to Question 8 on the application form.

Drawing Required

3. The drawing of the proposed advertisement can be in black and white on paper. It should show the size of the advertisement and its position on the land or the building in question. For a sign, the drawing should indicate the materials to be used, fixings, colours, height above the ground and, where it would project from a building, the extent of the projection.

   The drawings should include a 1:2500 scale location plan showing the site edged in *RED*. All drawings should be submitted in quadruplicate.

Owner's Consent

4. It is a condition of every consent granted by or under the Regulations that, before displaying the advertisement for which consent is given, the permission of the owner of the land or other person entitled to grant permission shall be obtained.

Other Consents

5. A grant of consent under the Town and Country Planning (Control of Advertisements) Regulation 1989 does not rank as consent which may be required for any other purpose, e.g. 'listed building consent' where the advertisement is to be displayed on any listed building.

Fees for Advertisement Applications

6. Regulation 11 of the Town and Country Planning (Fees for Applications and Deemed Applications) Regulations 1997 requires a fee to be paid to the Council with the advertisement application. The fee is related to each site on which it is proposed to display one or more advertisements. The appropriate fee for the following categories of advertisement is:-

   1. Advertisements displayed on business premises, on the forecourt of business premises or on other land within the curtilage of business premises, wholly with reference to all or any of the following matters:- **£50.00**

      (a) the nature of the business or other activity carried on on the premises:
      (b) the goods sold or the services provided on the premises; or
      (c) the name and qualifications of the person carrying on such business or activity or supplying such goods or services.

   2. Advertisements for the purpose of directing members of the public to, or otherwise drawing attention to the existence of, business premises which are in the same locality as the site on which the advertisement is to be displayed but which are not visible from that site. **£50.00**

   3. All other advertisements. **£190.00**
