

The site plan illustrates the proposed development layout with various buildings labeled (e.g., SB42 TEWx6, SB42 TFWx6, FRA, HER, FOX-W, WYN, SH55, SH52, LAN, COO, POR, AVO, HOL, HUR). Red dashed lines indicate the maximum reversing distance of 20m for fire appliances. Blue dashed lines show the maximum hose distance of 45m from fire appliances to the furthest point inside each house. A red solid line marks the application boundary. The plan also shows existing infrastructure like the Cycle Link, Temporary Access to Existing Track, and a Pumping Station. A key in the bottom right corner defines the symbols used.

KEY:

- Application Boundary
- Maximum hose distance of 45m from fire appliance to the furthest point inside each house.
- Maximum reversing distance 20m for fire appliance.
