

The aim of this emergency plan is to ensure the safety of the of all people working on the build site in the event of an incident at AWE Burghfield as the build site is within the Designated Emergency Plan Zone (DEPZ) This plan will be reviewed and monitored. Any changes will be implemented should there be any areas of concern following the review.

Copies of the Emergency Plan will be distributed to all persons working on the build site.

The Haulage Yard adjacent to Bramble Cottage Hyde End Road Spencer's Wood RG7 1NR has been granted planning permission to build a 3-bed house.

Site Location E472730 N166650

The build is a self-build project.

There will be a maximum number of 4 Contractors on site at any one time.

Prior to work commencing all contractors working on the build will provide name, address and contact telephone information in the case of an emergency to be held by the Site Manager and Designated Off-Site Person. During working hours, a portable radio must be tuned to BBC Radio Berkshire 104.1FM as a means of notification of an incident at AWE Burghfield as there is no landline on site.

In the event of a radio alert of an incident at AWE Burghfield the following actions must be taken by all workforce on site:

E the all clear
