COMMENTS:

We object on the construction of above out building, car port on following grounds-

- causing potential damage to the roots of protected Leylandi Cypress trees nearby.
- causing potential damage to the roots of plants and trees adjacent to the proposed outbuilding next to fence in 4, Johnson Drive. It has already caused roots of some plants to lift and tilt away from fence.
- Risk of intrusion of privacy due to height of construction and proximity of it adjacent to the neighboring fence.
