COMMENTS:

I am writing in support of the planning application submitted for the development of three padel courts at Berkshire County Sports. I strongly believe that this project will be a positive addition to the local area, providing valuable recreational facilities for the community.

Padel is a rapidly growing sport, and the proposed courts will offer a much-needed facility for both beginners and experienced players which are currently lacking in the immediate area. I feel this development will not only encourage healthy lifestyles and physical activity but will also serve as a social hub, bringing people together in a friendly, inclusive environment.

Additionally, the provision of the courts aligns with the local authority's objectives to enhance leisure and sports facilities for residents. It will help meet the increasing demand for recreational spaces in the area, particularly for families, young people, and adults alike.

I trust the planning process will take into account the community benefits of this project and approve the application for the three padel courts.
