COMMENTS:

I write again to object to this proposal. Based on the following: 1. Traffic/heavy vehicles - the Old Bath Road is a busy route, fast traffic, cyclists and pedestrians. It has a very narrow pavement in place making it hard to pass others on foot, let alone the volume of increased heavy goods vehicles this proposal suggests. I am extremely concerned about the danger this poses on the road, pedestrians and cyclists. I see dangerous overtaking frequently here along with speeding drivers and worry turning lorries on top of the tyre lorries already there will cause accidents.

2. Hours of use - very early starts and daily use to this site - the light and noise pollution to a peaceful rural area is a worry - this is right on the doorstep of country park land and impacts the wildlife we have here.

3. Environmental risk - again, right on the doorstep of our beautiful lakes, footpaths and waterways - the potential impact to nature, bird and wildlife is a concern. There is a swan nesting spot metres away from this site.

I strongly oppose based on these reasons.
