Lindsey will revise the response for 261535 to include 5839.

Re. 261599:

- 1032 and 1033 will require a separate CA notification.
- Tree works on 1038, 6204 and 6205 do not require the Council's consent
- 4299 cannot be found on the location plan. Is it covered by the red arrow of 4299?

There are two options for the way forward:

1. We process 261599 as is, after the location of 4299 is clarified. And a new application will be submitted for the TPO trees in 261535
2. Withdraw 261599, and submit a new application to include all TPO trees in 261599 and 261535

Please let us know which option is preferred.

Regards
Colette

Dear Nathan,

Thank you for your message. Apologies on the delay in my response, I have just returned from annual leave today.

Yes, I will work with my colleague, Colette Yan, in copy, to highlight the trees that are within the CA and those within the TPO (TPO-0002-1951 – Woodland, W3 and Group, G2). I'll be back in touch.

Kind regards,
Lindsey Abbott

Hi Lindsey,

I hope you are well?

Im slightly confused - I know that you mentioned that some of the trees that we sent a notification are, are within the TPO strip - but I do think some CA trees have been missed. For example T6216 (Plum) is within the CA but not on the notification.

I have attached what we have submitted - please could you highlight which of the trees are subject to TPO (I will submit an application for these) and then I will assume that any others have no objection.

Many thanks

Many thanks
