Dear Sir,

LAND ADJ 1 NORTON ROAD, RISELEY, RG7 1SH

I have been instructed by the applicant to provide highway advice in respect of the proposed new dwelling at the above site.

The site comprises the side garden area of the existing dwelling at 1 Norton Road. Norton Road is a residential access road that links Basingstoke Road and Odiham Road. The site is located on the east side of the Norton Road/Basingstoke Road junction. Norton Road is subject to a 30mph speed limit and has a narrow carriageway with no pedestrian facilities. It serves approximately 19 dwellings.

The proposed development comprises a new detached 4 bedroomed house with a double car port and driveway parking. The house will be served by a new access to Norton Road.

The primary highway consideration is the safety of the proposed access. The lack of any footways or verges across the site frontage has implications for the provision of driver visibility splays. In order to assess the level of visibility required a vehicle speed survey was undertaken between Friday 17th October 2025 and Thursday 23rd October 2025. The results are attached hereto. The results show how lightly trafficked Norton Road is with a 5-day average of 73 vehicles (2-way). As such, the specific requirements of CA185 to provide 200 vehicle speeds in any measurement period is not practical or achievable. Nonetheless, the results are reliable and provide an appropriate assessment for the calculation of visibility splays for the new access.

The results show that the 85thile speeds were:

Eastbound	13.7mph
Westbound	14.5mph

The corresponding visibility distances as required by paragraph 10.1.5 of Manual for Streets 2 are:

To the west	16m
To the east	17m

The proposed site plan shows the provision of these distances with a set back distance of 2.4m along the centre of the proposed access.

The proposed site plan indicates the provision of a double car part plus 2 driveway spaces i.e. a total of 4 parking spaces. This provision includes sufficient parking to accommodate a visitor's vehicle. This is a useful facility as on-street parking on Norton Road is limited due to the narrow carriageway. Vehicles parked on the driveway will reverse out into Norton Road in the same manner as most of the existing properties in Norton Road.

The new house will be provided with secure cycle parking that will accommodate 2 bicycles.

In conclusion, the proposed development will comply with the adopted standards in respect of access provision and car/cycle parking and the proposals will not be prejudicial to highway safety.

Yours faithfully,

A large black rectangular box redacting the signature of Dermot McCaffery.
