: Lower Sandhurst Road, Finchampstead, Berkshire
: S043 7FW
SUBMITTED BY : Dr Jill Dolan
DATE SUBMITTED : 28/07/2024

COMMENTS:

This is a very small site adjacent to a nature reserve. The proposed density of housing is too much for the proposed site. Cars will be needed by all householders and there are no local shops or infrastructure to support such a large development. Housing is needed but all need to be in sustainable locations where public transport and local amenities are at hand.
