COMMENTS:

I am writing to express my strong support for the proposed plans to build Padel courts in Reading. As one of the fastest-growing sports globally, Padel has gained tremendous popularity due to its accessibility, social nature, and inclusivity for players of all ages and fitness levels.

The addition of Padel courts would bring numerous benefits to our community:

1. Encouraging Active Lifestyles: Padel is an engaging, low-impact sport that promotes physical activity, improving health and well-being among residents.

2. Community Building: The doubles format fosters teamwork and provides a fun, social environment, making it ideal for families, friends, and local clubs.

3. Boosting Local Economy: Attracting players and events could increase foot traffic to local businesses, such as cafes, restaurants, and shops.

4. Inclusivity: Padel is easy to learn, making it accessible to people of all abilities, including beginners, children, and older adults.
