Appraisal:

Development
Single storey front extension to form bay window and single storey side extension to form a conservatory.
The site is a detached bungalow with a detached double garage, set away from the road edge. The site is enclosed by hedging and fencing and is set away from the boundaries. The site lies within the identified settlement of Wokingham

1) Impact upon neighbouring properties (NB: one letter of support received)
   It is considered that there would be no adverse effect upon neighbouring properties, due to the proposed development being single storey and being set away from neighbouring boundaries.

2) Impact upon the character of the streetscene
   It is not considered that there would be any adverse effects upon the character of the area. The conservatory would not be visible from the road and the bay window would be screened by the detached garage.
   There would be no adverse impacts to the trees along the boundaries of the site, as neither of the extensions would extend sufficiently close as to cause damage.

In response to your consultation dated 1 June 2001 for the above application, the landscape comments are as follows:

I have no objection to the proposals. There are a number of trees along the site boundaries, however neither of the extensions will extend sufficiently close to the boundaries to damage the trees.
