Development
The site is located within the Parish of Hurst. It is designated as a Conservation Area/rural/setting of settlement/area of sporadic development by the Loddon Area Local Plan and as Conservation Area/countryside/setting of settlement by the Wokingham District Local Plan (Deposit Draft).
The site is located opposite St Nicholas's Church and is designated as a Grade 2 Listed Building.
The proposed development is to rebuild the existing chimneys with new gas flues.

1) Impact upon neighbouring properties
It is considered that the proposals are to rebuild existing chimneys, that there would be no adverse effects to any neighbouring sites.

2) Impact upon the character of the area
As the proposed development is to rebuild the chimneys, it is considered that the new chimneys would have no additional effect upon the open character of the area over the existing chimneys that could warrant the refusal of the application.

3) Impact upon the Character and Setting of the Listed Building.
The amendment is accepted in principle by the Urban Design and Conservation Officer as the present arrangement does not conform to current regulation. In the event of an approval, the precise detail of the flue terminal would need to be agreed on site.
