COMMENTS:

Hi there. I am in support of this application. Allowing a new Muslim space around in this area would definitely help a lot of Muslim community around. And this will also share the burden on Aisha Mosque, which is on London Road. As you know, specifically on Fridays, it's super busy. That affects a lot of parking area, restrictions and other things. So that will help local community. I am fully in support of this application. Please approve it as soon as possible. Thank you.
