COMMENTS:

I strongly support the establishment of a dedicated community centre for Muslims in our area, as there is currently no such facility available, despite the rapidly growing Muslim population. At present, Muslim community activities are scattered across different venues, which makes it challenging to organize religious, educational, and social events effectively. A dedicated centre would not only provide a space for prayer and learning but also serve as a hub for community engagement, youth development, and interfaith dialogue. This will benefit not just the Muslim community but the wider town as well, fostering inclusivity, social cohesion, and cultural understanding. Given the increasing need, I urge the authorities to support this initiative for the betterment of all residents.
