COMMENTS:

Arborfield & Newland Parish Council note that there are two planning applications (251457 and 251476 for the same parcel of land in Finchwood Park citing differing volumes of housing. It is not clear why two applications have been submitted. Arborfield & Newland Parish Council has no objections to planning application 251457 as it contains a more appropriate housing density than planning application 251476.
