Dear Sirs,

Land to the North of Mill Lane, Sindlesham, Wokingham: Application number 252601

Having looked at the plans as I live near this land, I write to support the application to build the 3 detached self-build dwellings it's a good designed cul-de-sac of detached houses and will add a nice addition to our community here in this location.

What a great idea for people to build their own homes we must encourage this as much as possible so family's get this opportunity because more houses are needed and they will get to live in a house they built.

Yours Faithfully

Mrs Beryl Smith
