COMMENTS:

I object to the plans as they will cut into the surrounding countryside and hedgerows, create huge amounts of extra traffic but most importantly the future of Shinfield Rovers FC is at stake. My daughter is a player and absolutely loves her training sessions on these pitches. The club is part of community and is well supported in the locality and surrounding areas. It is a lifeline for many families and young people whose lives are enriched by its existence. I love to see my daughter playing football and exercising. I would hate to see it disappear
