COMMENTS:

My property faces directly to the pub garden, I've live here for 17years, until the outdoors area was built there have been minimal noise disturbances from the pub. Since the pub has built an outdoor entertainment area, with TV there has been multiple evenings of noise, both at weekends and during the week. This has both disrupted my sleep and impacted my work. There is often large crowds in the garden and car park making loud noises. There have equally been people that have been walking directly pass my house, clearly intoxicated from being in the pub, drug deals of people meeting in our close and then walking back to the pub. The outdoors area is disruptive to the local neighbourhood both in noise and lighting.
