1.0 INTRODUCTION

- 1.1 Highway Planning Ltd has been appointed by Mr B Ryan to provide highway advice in respect of residential development proposals on land adjacent to Hutts Farm Cottage, Blagrove Lane, Wokingham.
- 1.2 This report has been prepared in support of the development proposals described herein. It should not be reproduced in whole or in part, or relied upon by third parties, without the express written authority of Highway Planning Ltd.

2.0 SITE LOCATION AND PROPOSED DEVELOPMENT

- 2.1 The site is located on the west side of Blagrove Lane and approximately 250m north of the junction of Blagrove Lane and Evendons Lane. The site comprises paddock land within the curtilage of Hutts Farm Cottage which is located to the south of the application site.
- 2.2 Blagrove Lane is a local distributor road that links Evendons Lane to the B3349 Barkham Road. In the vicinity of the site Blagrove Lane has a rural character with a narrow carriageway and no pedestrian facilities or street lighting. The National speed limit is in force. To the south of the site, Blagrove Lane widens and there is a footway on the east side of the carriageway for a distance of 70m from the Evendons Lane junction.

2.3 Land to the north-west and east of the site forms part of the site currently being considered at appeal for 350 dwellings. Part of the appeal proposals include the closure of Blagrove Lane (to the north of the current site) to motorised traffic.

2.4 When determining an appeal for an additional dwelling at Hutts Farm Cottage (application ref: 221676 – conversion of annex building to an independent dwelling) the Inspector considered that,

“It was evident from my site visit, and submissions from the parties, that there are services, facilities and bus stops with a regular service, within an acceptable distance from the site.”

2.5 Whilst the Council was concerned that the lack of a continuous footway would deter residents from walking to local facilities, the Inspector’s view was,

“...evidence of regular use of the lane by pedestrians and cyclists does indicate that some people see these as viable transport choices for access to services and facilities. While travel options may not be ideal, the distances involved before reaching the settlement edge and lit footways are relatively short...”

2.6 The Inspector concluded,

“Framework paragraph 104 (now 109e) seeks to ensure that opportunities to promote walking, cycling and public transport use are identified and pursued. This is balanced by paragraph 105 (now 110) which recognises that opportunities to maximise sustainable transport solutions will vary between urban and rural areas, and this should be taken into account in decision-making. This weighs in favour of the proposal.”

-
- 2.7 The Inspector's assessment and decision clearly accept that the development of land at Hutts Farm Cottage would comply with the requirements of the NPPF in focussing residential development in a sustainable location.
- 2.8 The proposed development comprises the development of the site to provide 4 detached dwellings with a new vehicular access to Blagrove Lane. The application is submitted in outline with the means of access and siting being considered in detail at this stage.

3.0 HIGHWAY AND TRANSPORTATION CONSIDERATIONS

- 3.1 The highway considerations for the proposed development relate to the following:
- Access arrangements
 - Site specific issues
 - Pedestrian safety
- 3.2 These issues will be considered in detail below.

Access arrangements

- 3.3 The proposed site layout drawing shows the creation of a new vehicular access to Blagrove Lane. The access will be 5.0m wide and will be accompanied by visibility splays of 2.4m x 37m to the south and 2.4m x 40m to the north. The access will lead to parking and turning facilities within the development.
- 3.4 Blagrove Lane is subject to the National speed limit (60mph). It is clear from on-site observations that the rural character of the lane and its carriageway width influence driver behaviour and vehicle speeds are below the posted speed limit. To ascertain the precise vehicle speeds an automatic traffic counter was installed immediately to the north of

the existing access to Hutts Farm Cottage between Friday 10th and Thursday 16th of January 2025. The results of the survey are included at **Appendix 1**.

- 3.5 The 85thile speeds were:

Northbound	27.4mph
Southbound	28.9mph

- 3.6 Using the formula in paragraph 10.1.5 of *Manual for Streets 2* the corresponding stopping sight distances for the visibility splays are:

To the south	37.5m
To the north	40.5m

- 3.7 As such, the proposed visibility splays for the new access comply with the MfS2 advice. The splays have been constructed to the centreline of the Blagrove Lane carriageway. This follows the advice in paragraph 10.5.5 of MfS2 and reflects the narrow carriageway width and the habit of vehicles to be travelling along the centre of the road.

Site Specific Issues

- 3.8 The proposed site layout shows each dwelling having garaging and driveway parking plus 4 unallocated visitor spaces. The 4 houses are 4-bedroomed properties with 7 or 8 habitable rooms. The Council's Parking Calculator has been used to assess the level of parking that should be provided. A copy of the Calculator is included at **Appendix 2**.

- 3.9 The Calculator recommends a total of 10.8 parking spaces for the proposed development (which assumes a garage equates to 0.5

spaces). The proposed site layout indicates the provision of 8 parking spaces plus 4 garages i.e. an equivalence of 10 parking spaces.

- 3.10 All of the plots will include EV charging points.
- 3.11 The access road includes a turning head that has been designed to accommodate the swept paths of a fire appliance and a typical delivery vehicle.
- 3.12 Refuse collection will take place from the Blagrove Lane carriageway with bins being brought to the front of the site on collection day, in line with other properties that are accessed from Blagrove Lane. This approach is in compliance with Building Regulation H6 and the advice in paragraph 6.8.9 of Manual for Streets

Pedestrian safety

- 3.13 The Council has previously resisted development in this location on the grounds of pedestrian safety due to the lack of a footway for part of Blagrove Lane. This matter was considered by the Inspector for the December 2022 appeal for a single new dwelling. The Inspector determined that the lack of a continuous footway would not deter residents from walking along Blagrove Lane. The Inspector did not raise any pedestrian safety issues.
- 3.14 The traffic survey in January 2025 (see **Appendix 1**) recorded the 5- and 7-day average traffic flows on Blagrove Lane. These were:

5-day average	671 vehicles (2-way) per day
7-day average	562 vehicles (2-way) per day
- 3.15 The 7-day average peak hour flows were:

AM peak (0800 – 0900hrs)	82 vehicles (2-way)
PM peak (1700 – 1800hrs)	66 vehicles (2-way)

- 3.16 The survey results show that the traffic flows during the busiest periods during the day equate to less than 2 vehicles per minute travelling along the lane. Such a low volume of 2-way traffic will not prejudice the safety of pedestrians between the site access and the footway at the southern end of the lane – a distance of approximately 180m.
- 3.17 If the appeal into the 350 dwelling development to the north and east of the site is successful, the traffic flows on Blagrove Lane will be significantly reduced which will further enhance pedestrian (and cycle) safety.

4.0 CONCLUSIONS

- 4.1 The site is in an accessible location and the principle of additional residential development adjacent to the site has been considered and accepted at appeal.
- 4.2 The proposed access arrangements will have suitable visibility splays and junction geometry to safely accommodate the traffic movements that will be generated.
- 4.3 The proposed site layout complies with the Council's requirements for access road design, turning facilities and car parking provision.
- 4.4 Overall, there are no highway related reasons why the development should not receive planning permission.

LAND ADJ HUTTS FARM COTTAGE, BLAGROVE LANE, WOKINGHAM

Classification Schemes

Scheme F Classification Scheme (Non-metric)

Scheme F is an attempt to implement the FHWA's visual classification scheme as an axle-based classification scheme. This is one of several interpretations.

Class	Vehicle Type	No. of Axles	Axle spacing in feet			
			Axle 1 to 2	Axle 2 to 3	Axle 3 to 4	Axle 4 to 5
1	motorcycle	2	<6.0			
2	passenger car	2	6.0 - 10.0			
	car + 1 axle trailer	3	<10.0	10.0 - 18.0		
	car + 2 axle trailer	4	<10.0		<3.5	
3	pickup	2	10.0 - 15.0
