Comments On Proposal

The applicant proposes to increase the numbers of habitable room from 8 to 10. The existing garage and driveway parking spaces will be retained.

According to the WBC Car Parking Standards, the development of such scale in Urban location will require three parking within the red line boundary. Each parking space shall have minimum dimensions of 5.0m x 2.5m.

The proposed parking can meet the council's parking requirement, which is acceptable.

No negative impacts on abilities for cycle storage are expected, which is acceptable.
