COMMENTS:

Dear team,

Please find below my objections to the above planning application: -
The area is full of wildlife and local residents appreciate the green space, the proposed planning would significantly change the nature of the area and negatively impact the wildlife

- The current roads in the surrounding areas would not be able to handle the additional volume of traffic and parking in local areas would become overwhelmed
- The local infrastructure (particularly schools, doctors surgeries and dentists) don't have the capacity for all the additional people
- Local transport links do not have the infrastructure or capacity for the additional people

Kind regards,

Ellie
