COMMENTS:

I object to the planning application mainly because the roads around it are completely unsuitable. These are old lanes that were never designed for all this traffic. Hyde End Lane is not wide enough to be two way. So with traffic leaving Fullbrook estate in the mornings for work and parents trying to arrive to the school along past Oakbank will be carnage. There have been many near misses with cars and children and fear it's only a matter of time. The two new football pitches are yet to open and have not shown the potential of grid lock along the road. But it will be the case. Let's not flood more traffic down it. Agree we need more primary school places but could Aldergrove no be expanded?
