COMMENTS:

I object this development of another 136 houses, considering all the other developments and new houses built in the area and still under construction

South Wokingham rd development with 2,500 houses, plus 1,000 homes in Bucklers Park and 226 new homes down Nine Mile ride in Beaufort Park.

Wokingham without is already under a lot of stress, roads are congested, and in terrible condition due to heavy trucks. The traffic in the village will become unmanageable, we don't need anymore houses in the village. Enough is enough.
