Appraisal :

The proposal is for 3-Velux rooflights to the N.E. elevation of Flat 17. The rooflights are in the roof overlooking the parking area to the front & North Glebelands Rd. They are to light up a bedroom & shower room. There cannot be any direct overlooking onto properties opposite at a distance of some 30m. The rooflights are ~~also~~ 1.1m from its cill to floorlevel. The recommended level is 1.8m, however, due to their positioning & distances from residential properties, they are not considered to have a significant impact upon the amenities of nearby residents. Recently, flat 16 was granted a similar rooflight to the South elevation. As such, the rooflight will allow light into the room area & will not severely ~~harm~~ infringe upon the amenities of nearby residents.
