COMMENTS:

An unacceptably large development on an area already heavily built up area..also on a flood plain. This will further risk flooding in the area..Also loss of rural environment for wild life and the enjoyment of some already diminishing open area for enjoyment by the local population. The Lower Earley Way road is already experiencing increasing heavy congestion and this will only increase by the large number of additional vehicles which will be exiting from the development onto the Meldreth Road Roundabout.area is already
