

PLANNING REF : 252185
PROPERTY ADDRESS : Silverdale Road
: Wargrave
: RG10 8EA
SUBMITTED BY : Mrs Nicola Jordan
DATE SUBMITTED : 16/01/2026

COMMENTS:

Firstly, I would like to express how extremely disappointing it is that I had not received any notification regarding the revision to this planning application. I only became aware of this last week from a neighbour. The fact that my neighbours did not also receive any notification begs the question as to whether this was deliberately intended.

I agree with the comments already submitted by my neighbours in Silverdale Road.

As previously advised, I have been from the outset and remain wholeheartedly against this planning application and any further amendments to it.

There has been, is and will continue to be severe and total disruption for residents. The health and well-being of the residents has not been considered at all.

My view from the back of my house and the enjoyment of my back garden have been severely disrupted. My own health and well-being has

suffered due to the stress of this unsightly monstrosity I have to look at every day, and the noise and pollution it creates and will carry on creating.

I refer to my comments of 2nd November 2025.

The original planning application for this structure should never have been allowed. What was a peaceful and serene area has now been completely spoilt. What a great shame.
