COMMENTS:

I object to this planning application for the following reasons:

1. Potentially hazardous fuel situated at extremely close proximity to the Charvil Lakes and birdlife.
2. 24/7 use of the Old Bath Road which is already extremely busy and has narrow roads and pathways.
3. Situated on a popular walking route which will be spoilt by fuel smells and pollution.
4. The site is already a hazard due to inconsiderate parking of large lorries from the Tyre site next door; blocking the road and main entrance.
5. Twyford is a village location and the site is situated amongst the Charvil County Park - a completely unsuitable site for an industrial fuel depot.
