Dear WBC Drainage,

Householder Consultation

Application Number: 252535

Applicant: Mr and Ms Kieran Goodchild

Site Address: 71 Dorset Way, Wokingham, RG41 3AL

Parish: Wokingham Town

Grid Reference: Easting - 479183, Northing - 168133

Type of Development: Other Householder

Proposal: Householder application for the proposed erection of a detached double garage with a dual-pitched concrete tiled roof, incorporating facing brickwork to match the existing dwelling, with aluminium double garage doors to the front elevation, a UPVC window and pedestrian door to the side elevation, and reinstatement of boundary hedging to the north and west boundaries, following the demolition of the existing single garage, shed, garden wall and gate.

Case Officer: Tariq Bailey-Biggs

Development Management has received the above application, and we require your comments on the proposal using the recommended memorandum below. The documents associated with this are available to view in NEC DM using the application number 252535. Alternatively, public documents are available to view on the Council's planning application search page: [Wokingham Borough Council Online Planning](#).

Please index your response into NEC DM against the application. If you are recommending conditions, you should give a reason with reference to relevant policies. A list of standard conditions can be requested from the case officer.

Your observations are required in respect of this application by **13 November 2025**.

Yours sincerely,
Development Management & Compliance

☐ Objection due to the reason(s) **stated below**

Comments On Proposal

LLFA received this Householder application for the proposed erection of a detached double garage with a dual-pitched concrete tiled roof, incorporating facing brickwork to match the existing dwelling, with aluminium double garage doors to the front elevation, a UPVC window and pedestrian door to the side elevation, and reinstatement of boundary hedging to the north and west boundaries, following the demolition of the existing single garage, shed, garden wall and gate. The development is in Flood zone 1 and low risk from surface water flooding according to the EA mapping. There will be increase in impermeable area and we would have no objection to the principle of the development but as Drainage details have not been provided and the existing drainage details has not been mentioned, we would recommend the condition below.

Conditions & Reasons (if required)

No construction shall take place until details of the drainage system for the site have been submitted to and approved in writing by the LLFA. The details shall include how the site currently drains and will be drained after proposed development with consideration to SuDS. The approved scheme shall be implemented prior to the first occupation of the development and shall be maintained in the approved form for as long as the development remains on the site.

Reasons

This is to prevent increased flood risk from surface water run-off. Relevant policy: NPPF Section 14 (Meeting the Challenge of Climate Change, Flooding and Coastal Change), Core Strategy policy CP1 and Managing Development Delivery Local Plan policies CC09 and CC10.
