

PLANNING REF : 261171
PROPERTY ADDRESS : Basingstoke Road
:
: RG7 1PY
SUBMITTED BY : Mrs Eleanor Clarke
DATE SUBMITTED : 08/06/2026

COMMENTS:

I am writing to formally object to the above planning application for the development of a static caravan site situated close to my home.

My concerns are as follows:

1. Impact on Local Character and Appearance

The proposed development would alter the character of the area. The introduction of multiple static caravans and associated infrastructure could be visually intrusive and inconsistent with the existing nature of the surrounding landscape and residential environment.

1. Pressure on Local Infrastructure and Services

The development would place additional demands on local services and infrastructure, including healthcare, schools, waste collection, and utilities. The application does not appear to provide sufficient evidence that these impacts have been adequately assessed or mitigated.

1. Drainage and Environmental Concerns

I am concerned that the development could create additional pressure on local drainage systems and potentially increase the risk of flooding or surface water issues. A thorough assessment should be undertaken before any permission is considered.

For the reasons outlined above, I respectfully request that this application is refused.
