COMMENTS:

We object to this application.

Temporary planning permission until October 2027 was granted on appeal to a specific family.

As this was against Planning Policy and now the newly adopted Twyford Neighbourhood Plan, conditions were imposed to mitigate harm to the openness and setting of the Green belt as well as the character and appearance of the area.

The family that won the appeal now live elsewhere so there is no longer a need for the temporary planning permission and conditions to mitigate harm are not needed if the site is returned to p addock.
