: RG5 4PN
SUBMITTED BY : Miss Charlotte Jane Haslam
DATE SUBMITTED : 09/03/2026

COMMENTS:

Dear Sirs,

Prior to this application, many works took place including new windows and internal wall removals, also no planning notice was up when works took place. Currently the building has missing windows downstairs, which shows an inherent risk to public safety. Please note that works also took place later at night which disturbs the community. Please rectify this and deny the application as they did not follow the correct procedures and due process.
