COMMENTS:

I am writing to express my disgust that the neighbour (Thamesfield) to my mother's retirement estate (Remenham Row) have submitted a planning application to build a three storey building alongside the boundary wall.

This is a peaceful area of riverside, already full of retirement style living, we do not need anymore, as the flats that Thamesfield already have are taking a long time to sell/rent, proving that we do not need anymore building aimed at this market. Thamesfield, McCarthy Stone, Audley Village and Laureate Gardens are already providing adequate provision.

There is plenty of land at Thamesfield, with alternative areas to site an additional building should they wish, which would not impact the light, privacy, view and noise of their neighbours at Remenham Row.

I implore you to reject this planning application.
