

[illegible]

TPO-1146-2006 Ref G3
2x Scots Pine (*Pinus sylvestris*)
(Out of scope for this application)

TPO-1146-2006 Ref G2
Red Oak (*Quercus rubra*)
Tree1 (T1)

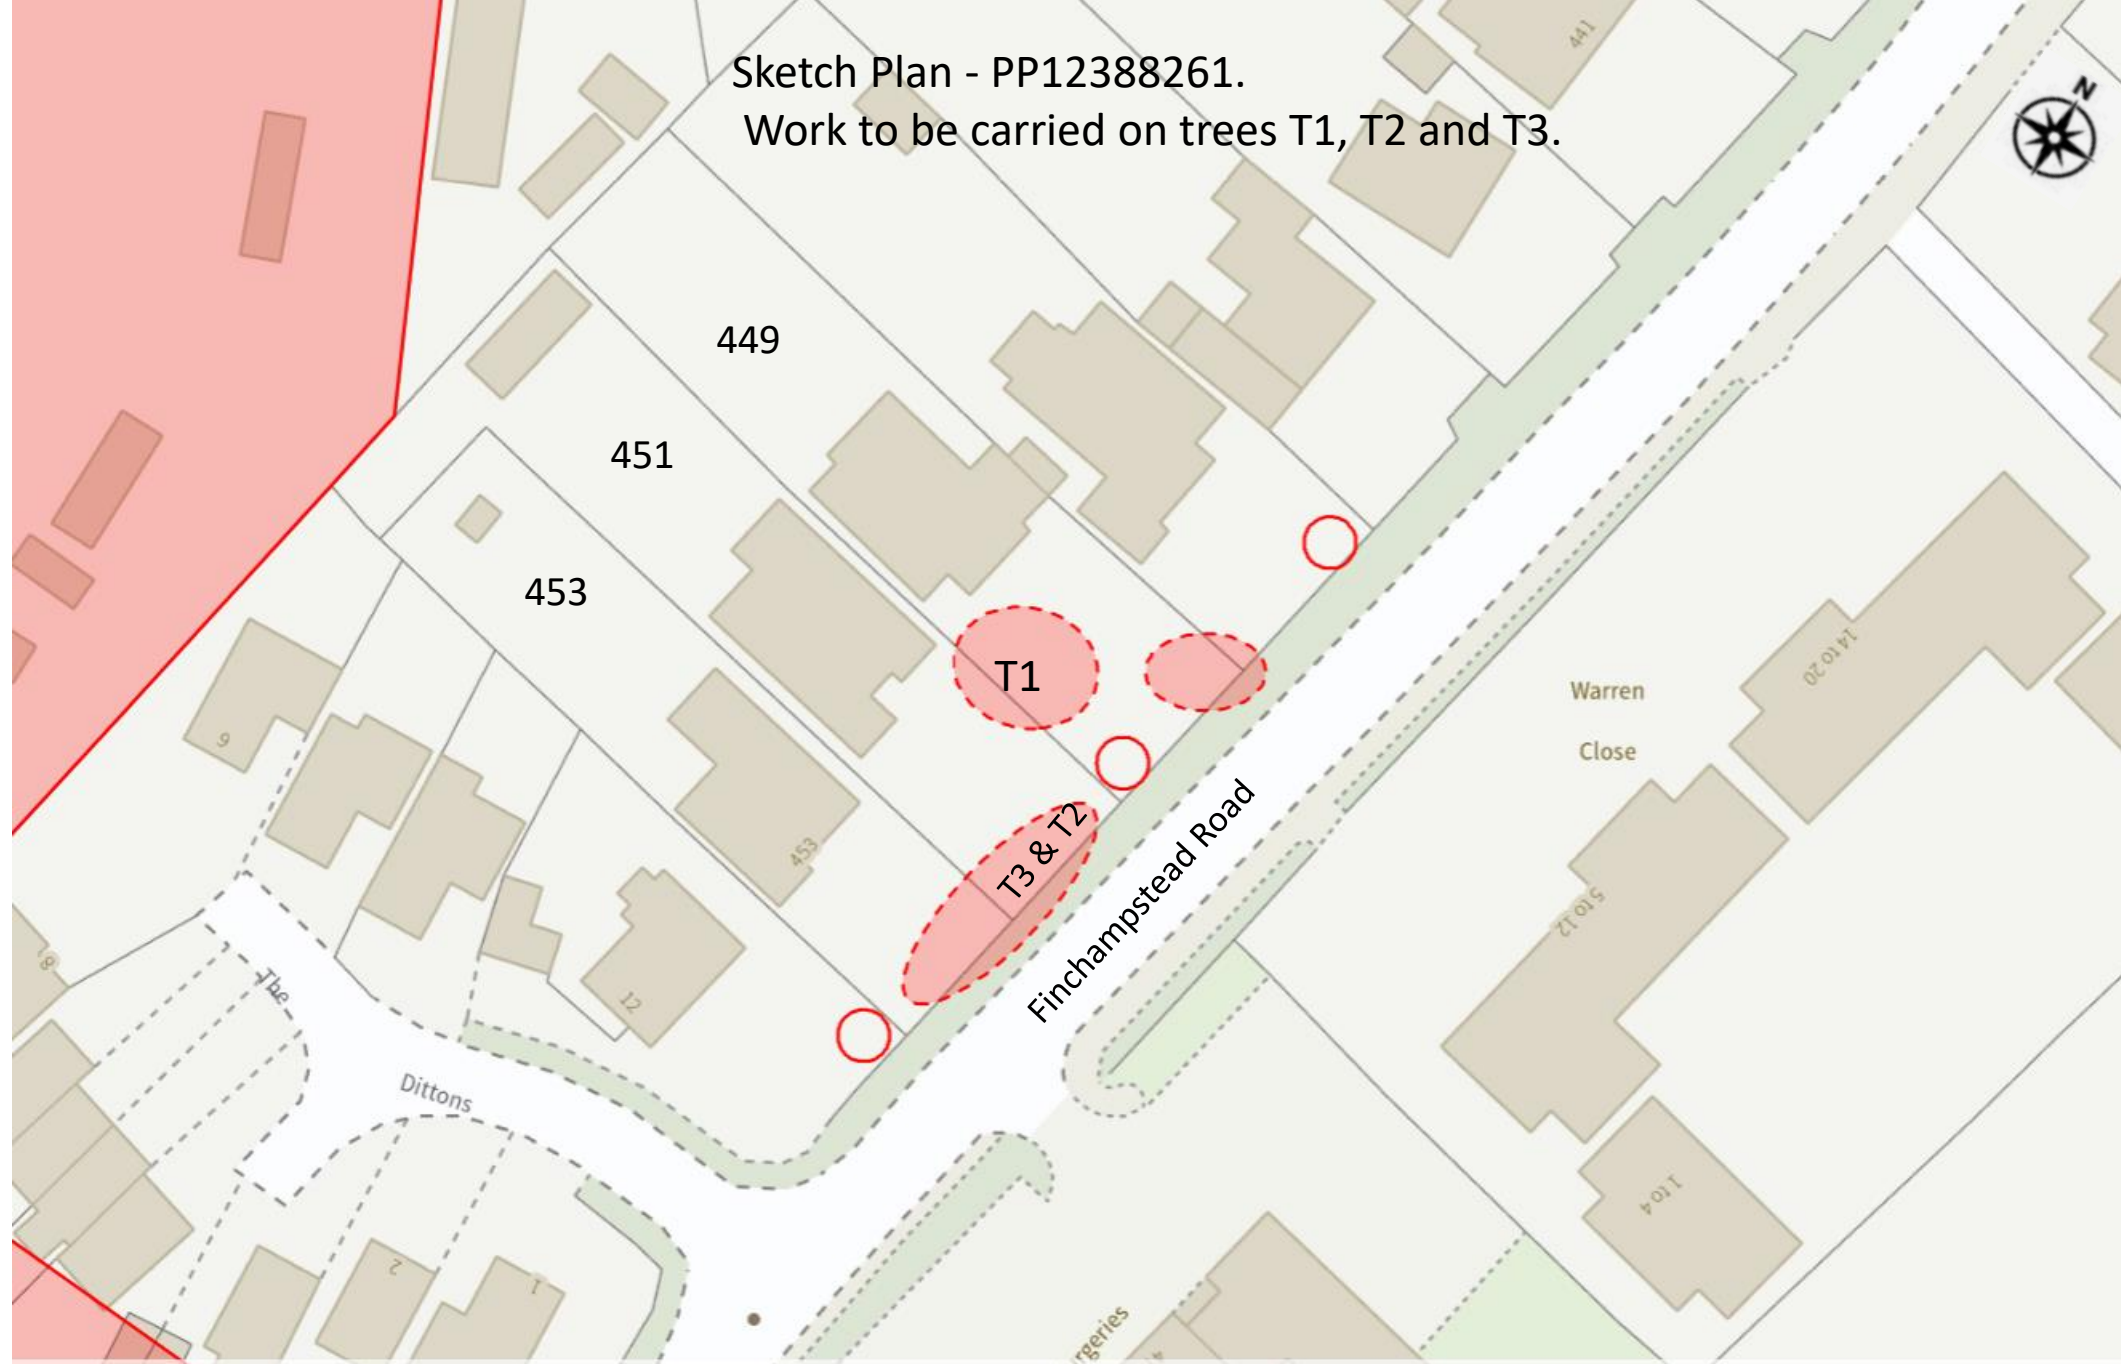

TPO-1146-2006
2x Scots Pine (*Pinus sylvestris*)
(Out of scope for this application)

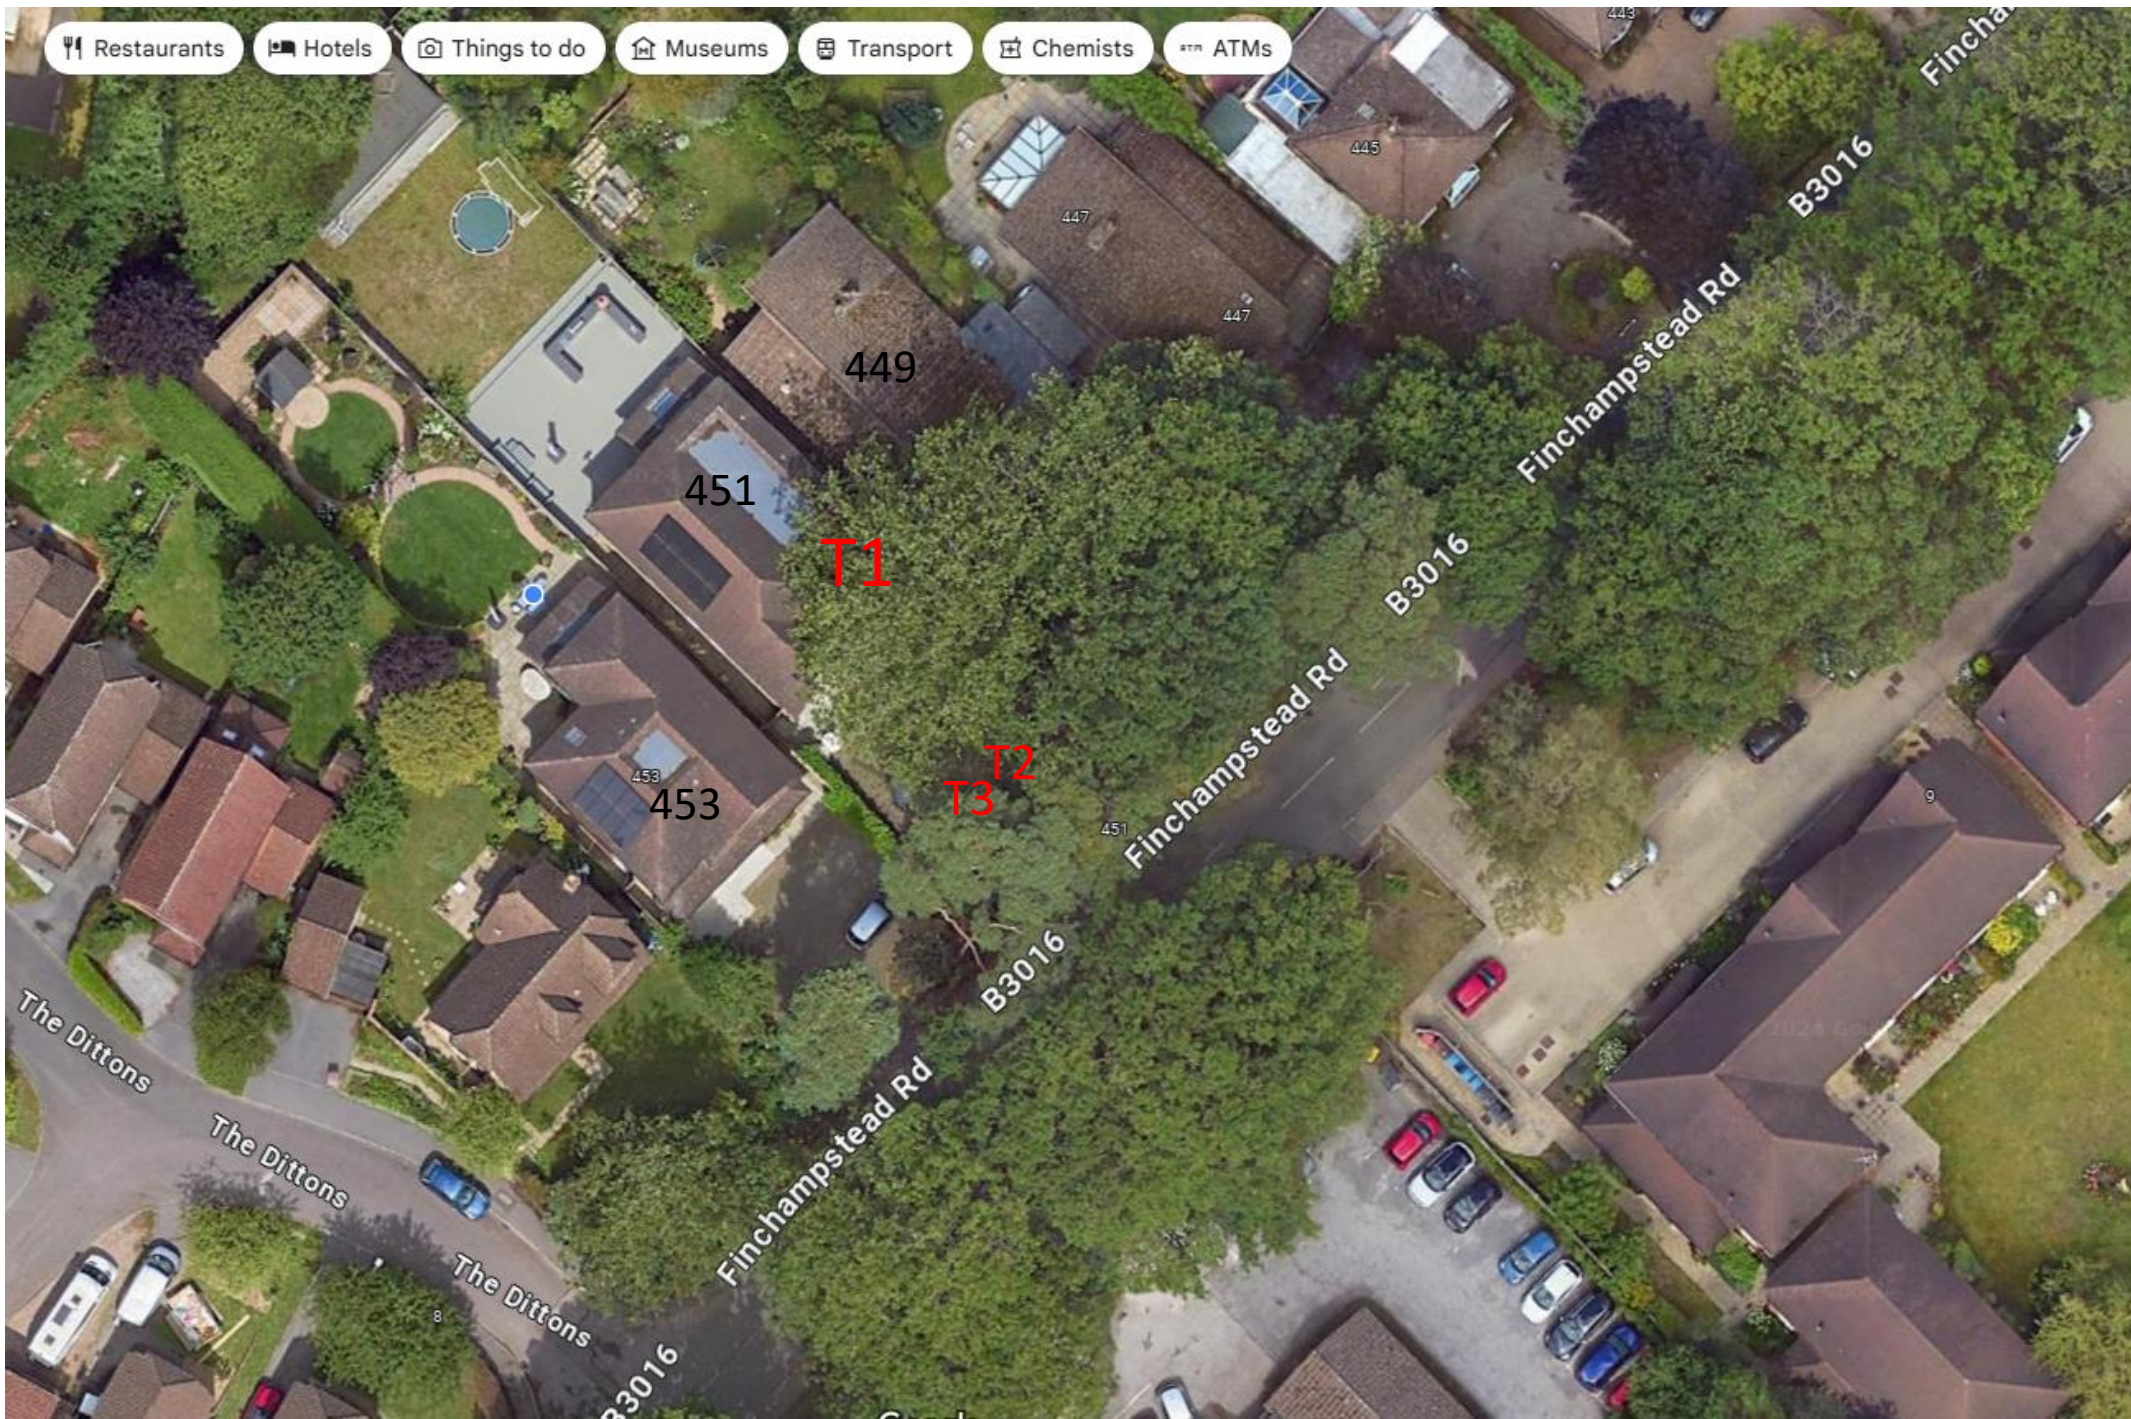

TPO-1146-2006 Ref G1
2x Scots Pine (*Pinus sylvestris*)
Tree3 (T3) & Tree2 (T2)

TPO-1146-2006 Scots Pine (<i>Pinus sylvestris</i>) (Out of scope for this application)
--

Sketch Plan - PP12388261.

Work to be carried on trees T1, T2 and T3.

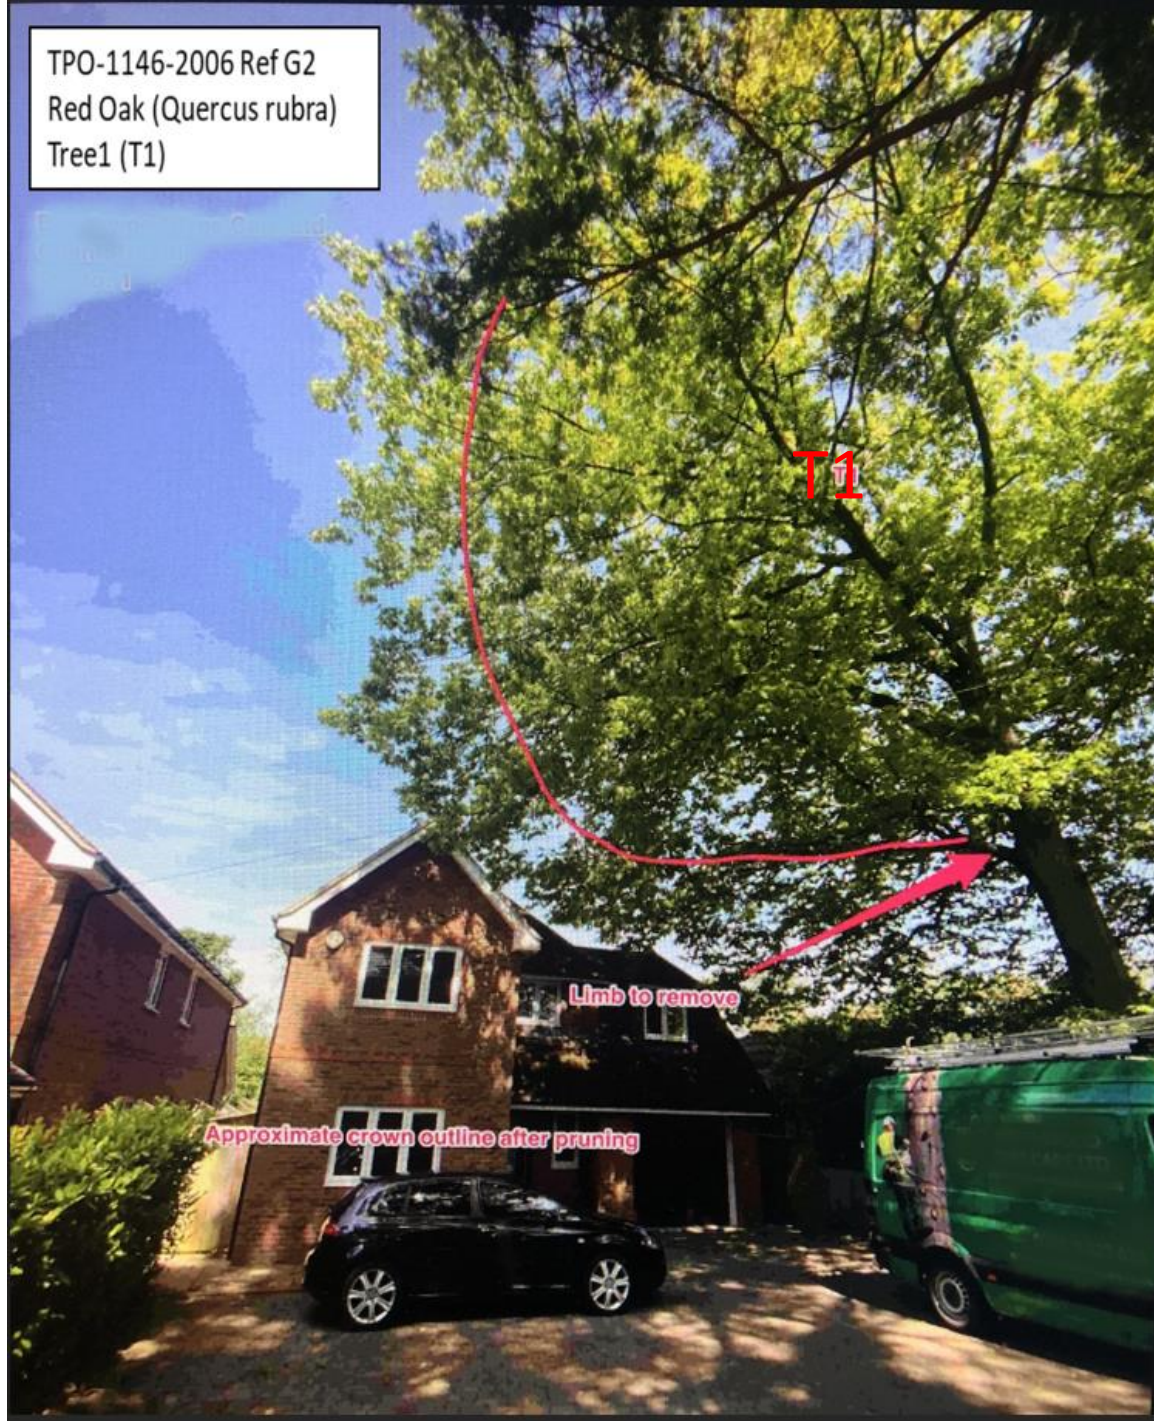

T3

T2

T1

TPO-1146-2006 Ref G2
Red Oak (*Quercus rubra*)
Tree1 (T1)

Reduce by approximately 3m due to growing over the house and 2m reduction over the rest of the tree. (A rough guide of crown outline is shown). Leaving the tree with a natural crown shape for species in line with BS3998.

Remove major deadwood.

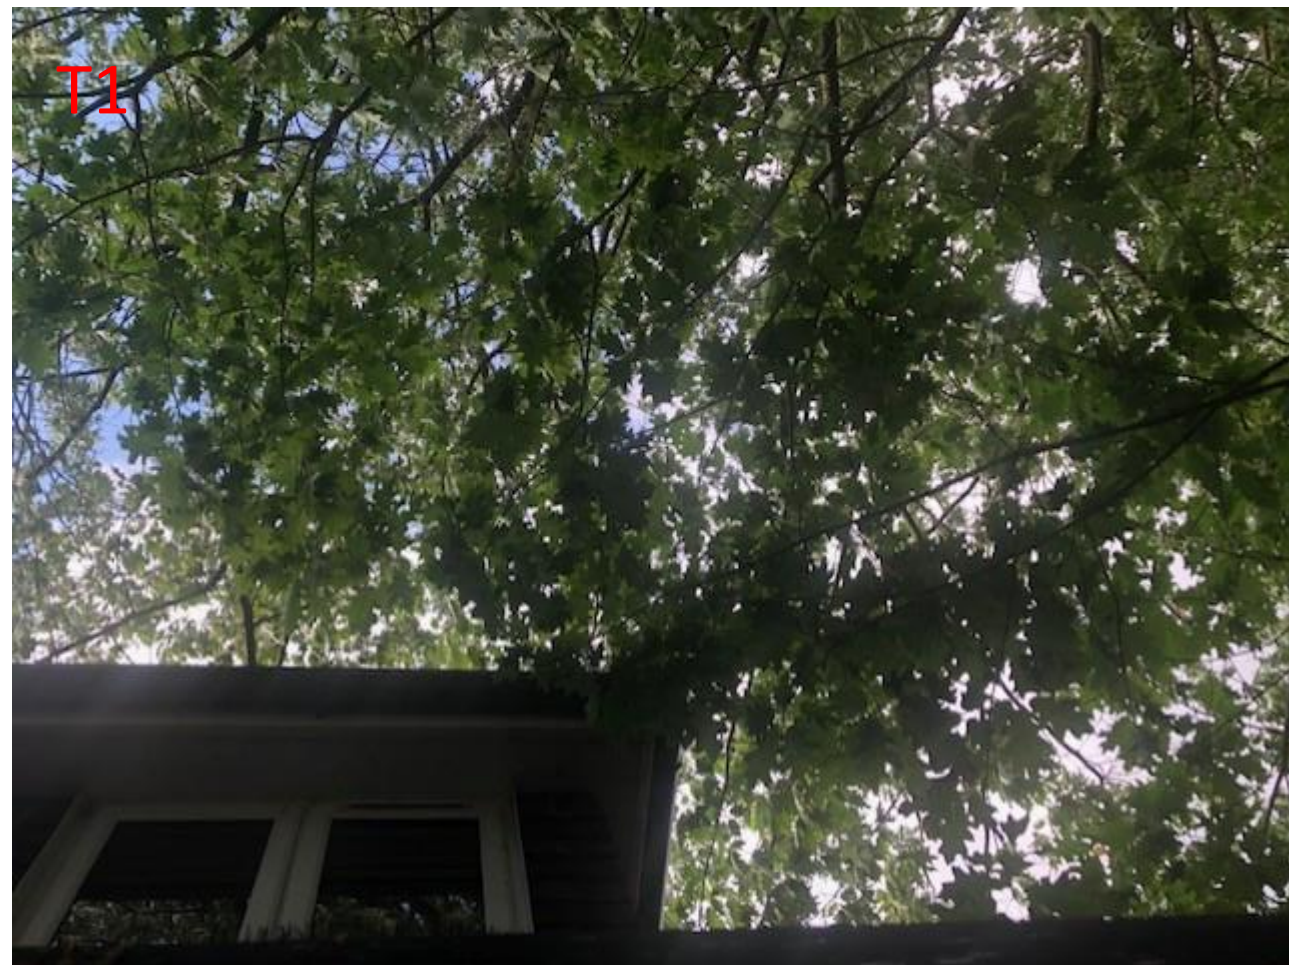

TPO-1146-2006 Ref G1
2x Scots Pine (*Pinus sylvestris*)
Tree3 (T3) & Tree2 (T2)

Remove major deadwood over the driveway and road, ie branches over 60mm at source and over 300mm in length.

Remove Ivy to maintain the health of the trees.

T1

Easy access to roof by squirrels jumping from Tree 1 (T1). They are eating the lead flashing, have caused a leak to the flat roof area and present a risk of infestation should they gain access to the loft space.
