COMMENTS:

Surrounding infrastructure in our local towns in and around Wokingham are not being maintained correctly at the moment and the council depts are under immense strain, roads, buildings are not being fixed, local services like the NHS, Police, fire, ambulance can not cope with the current population due to budgetary restrictions let alone 2800 more homes in the area. I would also like to understand who these houses will be built for (local families?) so I do not agree with this planning permission.
