COMMENTS:

I think it's unsuitable given circumstances around.
Traffic congestion , Noise & crowding , Bottlenecks & accessibility
issues , Parking shortages and it's better to use what's existing
I:e Maidenhead, Reading, Windsor, and Bracknell which have similar
centres that can serve the community.

We encourage residents to submit their objections on the Wokingham
Council website before the
?deadline on April 2nd. ?*Please use clear, fact-based reasons when
commenting.*
