Appraisal :

Development
Proposed single storey rear extension to dwelling to form conservatory.

The site is a detached property located within the identified settlement of Wokingham.

Impact upon neighbouring properties
The proposed conservatory would be set-in 1.7m from the eastern boundary. There would be a remaining gap of 3.2m between the proposal and the adjoining property no 4 with a 1.8m high timber fence in between. There is a window on the flank wall of the adjoining property at first floor level, but it would not be affected because the proposal is a single storey. In view of this it is felt there would be no adverse impact upon the neighbouring property.

Impact upon the character of the area
The conservatory is at the rear and would have no adverse impact upon the character of the area.
