## TOWN AND COUNTRY PLANNING ACTS

### Notification of Approval of Permission

**Bracknell Polishers**
**C/O Andesign**
**9 Perkins Way**
**WOKINGHAM**
**Berkshire**
**RG40 2TN**

**Application Number: F/2000/1645**

**Parish:** **WOKINGHAM WITHOUT**

**Location:** **Unit 1, Birchin Inhams Farm, Heathlands Road, Wokingham**

**Proposal:** **Proposed change of use of agricultural building to B1(c) light industrial use (Retrospective)**

The Wokingham District Council in pursuance of their powers under the above Acts and Regulations hereby **Approve Permission** for carrying out the above development in accordance with the application and the accompanying plans submitted to the Council subject to compliance with the following conditions, the reasons for which are specified hereunder.

**Condition**
1. The use hereby permitted shall be discontinued and the land restored to its former condition on or before 31st July 2005 in accordance with a scheme of work submitted to and approved by the Local Planning Authority.

**Condition**
2. Work shall only take place between 0800 and 1800 hours Mondays to Fridays and between 0900 and 1200 hours on Saturdays and no work shall take place on Sundays or Bank Holidays.

**Condition**
3. No materials or equipment shall be stored on the site outside the building except for waste materials contained within containers for removal.

**Reason**
1. It is considered inappropriate to perpetuate indefinitely a use of this nature until its effects on the amenities of the locality have been adequately assessed.

**Reason**
2. In the interests of residential amenity.

**Reason**
3. In the interests of the character and amenities of the locality.

John Mitchell
Development Control Manager
Date: 26/07/2000

**If this notice grants permission to proceed with the proposal the applicant is reminded that it relates to planning permission only and does not constitute approval under any other legislation including Building Regulations.**

Mr Hamlin
Planning Dept

Application nos F/2000/1645 F/2000/1639

I write to confirm my opposition to **any** further development at Birchin Inham Farm.- and these applications in particular
My reasons for this are many fold and the resultant noise, smell, and danger to family and myself are the obvious ones. It would seem sensible to point our to the planning department some of the businesses which you may not be awhere of.
The group of barns which are to the south(behind ) of the barns used by bargo are used for storing heavy metal sheets for Bargo; wooden pallets for another buisenesses where the occupants "de nail" them at weekends –in the open-10 metres from our back door; and a garage repair buisenesses which frequently has breakdown lorries arrive. The various cars involved have just been moved round to the back of the barns-assumedly, in case you visit with regard to the latest set of applications.
Grinding, welding, tin bashing etc is carried out , predominantly in the evenings and weekends- There is also some sort of woodworking carried out with a large electric planer-very noisy. All of this is within 10 metres of our back door. I would be very happy for all these buisenesses to be carried out in the barns opposite the farmer's house- where the Tent Company wishes to be. These buildings were, until recently- open fronted and were filled in long after the farm buildings were classed redundant. Is this correct planning wise, to change the building structure.

I will be challenging the status of bargo.-ie light industrial. The work involves the use of a forklift truck to lift the heavy metal used- Large gilotene-grinding which actually shakes the structure of our barn-this cannot be " light |Industrial" it definitely is "general industrial" –of which there is no planning consent.

The very high use of this farm now results in a much increased use of the single track access drive-which I supposedly have full right of way at all times.The drive frequently has the biggest articulated lorries come in-on a blind bend, whilst using both sides of the main road. The tent company has a number of large lorries-one of which has already hit my vehicle.

This site is grossly over used. I would like to point out that the farm is still fully used-now, by the farmer down honey hill-who has to bring all his farm machinery down the drive. He has also had to build extra barns-interesting-as the barns by the fields are "redundant"- this really is ridiculous.

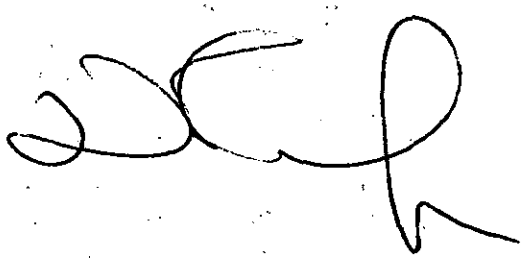

Gardeners Green pretend farm.

My reasons for opposing any further development has to be judged with regard to all the conditions surrounding my house. The commercial use of the pretend farm the other side of me is equally if not more noisy than Birchin Inhams farm. The commercial steam cleaner, coupled with regular peak engine revving and the noise of bargo and the car repairs and wood working the other side has caused me to initially become highly stressed and eventually to become clinically depressed. My wife and I cannot sit out in our garden, day or evening (a previous environment officer told me I should always be at work during the day)
The selling of cars is carried on at the entrance to the barns-I have numerous photos if this is denighed. -Have they permission for this.
We now have the chemical remains of the steam cleaner exhaust on our roof. Could you please tell me if planning or environmental health are responsible for this as I wish to now take legal action if this noise and chemical damage is not stopped forthwith...The council has had more than enough time to protect my private dwelling from this appalling nuisance.

Could you please inform me in writing, the starting and finishing times of the at-at the moment-everyone does just what they want- including starting de nailing outside my bedroom window at 7.45am Sunday.

# YOUR PLANNING APPLICATION

## WHY DO YOU NEED TO MAKE A PLANNING APPLICATION ?

New buildings, major alterations and enlargement of existing buildings, and many changes in the use of buildings and land need planning permission.
The Town and Country Planning Acts impose a duty on Local Authorities to control these changes, and this means that a balance has to be found between the need and pressure for change, and the desire to protect the character of settlements and the countryside.
The merits of each application are, therefore, carefully examined.

## WHAT ELSE MAY YOU HAVE TO DO ?

| | |
|---|---|
| Listed Building Consent: | for works to a Listed Building; or for demolition works on land within the curtilage of a Listed Building or within a Conservation Area. |
| Advertisement Consent: | for the display of advertisements or signs |
| Building Regulation Approval: | for most new building or construction work. |

Special forms are available for these types of applications.

You should also check whether there are any other regulations with which you may need to comply.

## WHAT HAPPENS TO THE APPLICATION ?

It will first be checked to see if it is complete and if it is, it will be registered.

Consultations will be carried out with public and other bodies, such as the Highway Authority, or Local Parish Councils.

Publicity may be given to allow local people the opportunity to comment on your proposals.

The application will be considered in relation to the Council's planning policies and guidelines, the past history of decisions on that site or in the locality, other standards (such as parking, or visibility at road junctions), and any other material considerations.

The site will be visited by a Planning Officer You may be asked to submit more information, or to amend your application.

The application will then be considered either by a Planning Committee or Sub Committee (made up of Councillors) or by the Chief Officer responsible for planning matters. Objections to an application will be taken into consideration by the Committee or the Chief Officer.

Shortly after the application has been determined, you will receive a Decision Notice.

## HOW LONG WILL IT TAKE ?

An application will generally be determined within eight weeks although a longer period may sometimes be required for a complicated application.

## WHAT SORT OF DECISION CAN BE MADE ?

Your application may be approved.

Your application may be approved subject to certain conditions. These could impose restictions on the use of land or buildings, or require further details to be approved at a later stage, (e.g. materials or landscaping).
You may appeal against the conditions, but this opens the entire permission to review by the Secretary of State.

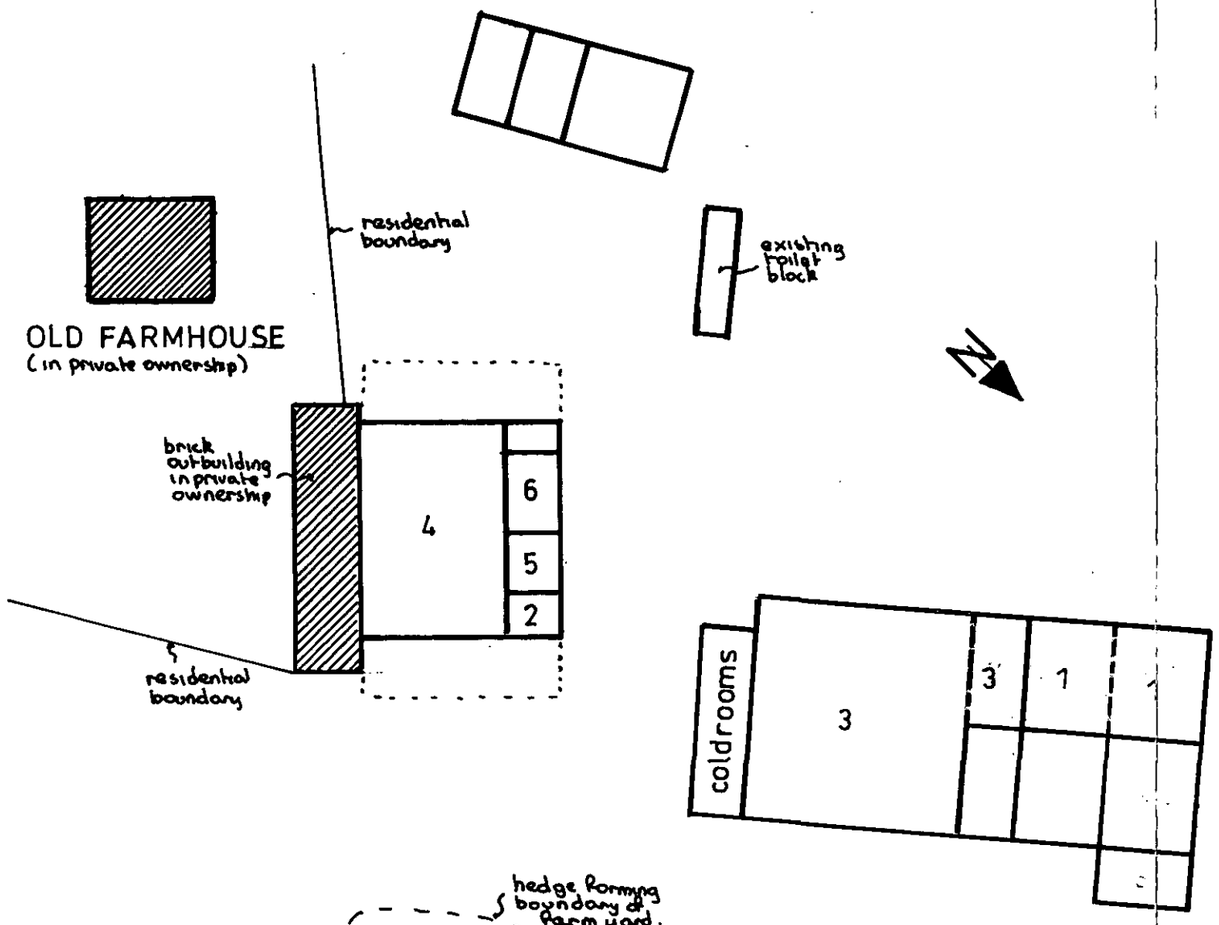

Your application may be refused. The reason will be listed on the Decision Notice.

## WHAT HAPPENS IF THE APPLICATION IS REFUSED ?

You have the right to appeal against the refusal to the Secretary of State, but you have to do that within six months. Appeals can be dealt with by written representations by both sides, or by a Public Inquiry.
You may ask the Planning Officer whether an amended application would be more likely to receive planning permission.

DATA PROTECTION ACT 1984

'Information contained in this form is likely to be personal data within the terms of the Data Protection Act 1984, and as such will be held by the Council on computer (such as the PLANAPS applications processing system) and may be used by the Council only for purposes registered under the terms of the Data Protection Act.'
