WOODLEY TOWN COUNCIL - NO COMMENT, ASKED NEIGHBOURS COMMENTS TO BE TAKEN INTO ACCOUNT.

Planning Issues :

* IMPACT UPON NEIGHBOURING PROPERTIES
* IMPACT UPON STREET SCENE.

Application Number: F/2000/3102

Appraisal :

IMPACT UPON NEIGHBOURING PROPERTIES

The app being considered is prop. single storey side extension to dwelling and single storey rear ext. to form replacement conservatory. The prop. single storey rear extension has a pitched roof design which replaces an existing flat roof structure which forms a store. The proposal is to extend this area to the existing rear elevation of the property. There are no proposed side facing windows, but one proposed velux rooflight. However there are no existing side facing windows to No 94. No 94 has an existing flat roof side extension. Therefore it is not considered the prop. dev will have an adverse impact upon neighbouring props residential amenity.

The prop. rear conservatory is proposed to replace an existing structure. The replacement structure is larger in depth, however the height and length remain the same. The prop. has an altered roof design. As No 98 is a corner property it is not considered the replacement conservatory will have an adverse impact on neighbouring properties.

IMPACT UPON THE STREET SCENE

No 98 is located on the corner of a residential area with commercial precinct. Adjacent to the dwelling is a car parking area. On the boundary exists 2m brick wall which is further screened by mature landscaping on the side of the car park. Although the prop conservatory will be visible over the existing boundary treatment it is not considered the prop. will have an adverse impact upon the character of the area.
