COMMENTS:

Accessing, parking, and maneuvering a vehicle is already challenging, as residents often claim portions of the shared driveway. As a co-owner of the driveway, which is jointly owned by all four properties (house numbers 1 to 4, including myself), I am concerned that the proposed garage will further restrict maneuverability.

Additionally, Its design and appearance are also out of character with the surrounding area.

Furthermore the proposed garage does not comply with the regulatory size requirement of 3m by 6m.
