Make your play area offering the Greenest it can be, see how we can help with that. Scan here.

Design assumes the site will be levelled by other (max. gradient 1:100), free draining and with good access

Quotation and design is submitted site unseen, we reserve the right, following a full site survey to amend the design appropriately.

Areas and dimensions shown are critical for compliance with European safety standards EN1176 & EN1177, if in doubt ask.

Grass areas should be well established prior to grass mat safety surfacing being laid.
