

I would request that you consider a concession to the footprint regulations (as is done elsewhere) to enable both the extension to proceed and the Lounge remain . This will ensure that the facilities enjoyed by the current residents will be there for future residents.

Yours Sincerely

Dear Sir

Ref. APP/6011062

37 Thamesfield Retirement Village
Wargrave. road
Henley on Thames
RG92LX

Having been a resident of Thamesfield for 2 years I have appreciated the many activities set in the lounge. These include music concerts (solo piano ,voice , instrument ,instrumental quartets and small choirs ,etc.) ,film nights and joining other residents daily for tea .

I have also noted that RGV recently added acoustic features to enhance the sounds thus recognising the importance of the lounge to the residents.

The replacement rooms (multi-use rooms) take no account of the current lounge usage , or it's position (facing the river) and hence remove an important part of the life at Thamesfield.

I understand the demolition of the lounge is to transfer its footprint to allow for the extension.(a planning requirement) .
