APPRAISAL
Principle of Development: The National Planning Policy Framework has an underlying presumption in favour of sustainable development which is carried through to the local Development Plan. The Managing Development Delivery Local Plan Policy CC01 states that planning applications that accord with the policies in the Development Plan for Wokingham Borough will be approved without delay, unless material considerations indicate otherwise. The site is located within settlement limits and as such the development should be acceptable providing that it complies with the principles stated in the Core Strategy. Policy CP3 of the Core Strategy states that development must be appropriate in terms of its scale of activity, mass, layout, built form, height, materials and character to the area in which it is located and must be of high quality design without detriment to the amenities of adjoining land uses and occupiers. Character of the Area: The entire replacement of the fenestration within the building would have no adverse character impacts; PVCu double glazing is very prevalent/common within residential estates in Earley and the proposed fenestration would remain in-keeping with the prevailing character of the area. Neighbouring Amenity: There are no neighbouring amenity concerns. The existing obscured fenestration (north and western elevations) would not pose any further amenity concerns should they not be obscured, therefore it is not necessary to impose a condition ensuring the replacement fenestration retains this obscurity. Highway Access and Parking Provision, Amenity Space, Landscape and Trees & Ecology: Due to the nature of the proposals, there are no concerns on these grounds. Flooding and Drainage:

The site is located within Flood Zone 2. Despite this, the nature of the proposals pose no additional flood risk.

Conclusion:

The proposal accords with local plan policy and the NPPF.

Community Infrastructure Levy (CIL):

When planning permission is granted for a development that is CIL liable, the Council will issue a liability notice as soon as practicable after the day on which the planning permission first permits development. Completing the assumption of liability notice is a statutory requirement to be completed for all CIL liable applications.

The Public Sector Equality Duty (Equality Act 2010): In determining this application the Council is required to have due regard to its obligations under the Equality Act 2010. The key equalities protected characteristics include age, disability, gender, gender reassignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief. There is no indication or evidence (including from consultation on the application) that persons with protected characteristics as identified by the Act have or will have different needs, experiences, issues and priorities in relation to this particular planning application and there would be no significant adverse impacts as a result of the development.

RECOMMENDATION

Conditions agreed:	Not required
Recommendation:	Approval
Date:	5 February 2025
Earliest date for decision:	27 January 2025

Recommendation agreed by: (Authorised Officer)	
Date:	5.2.25
