TREE PRESERVATION ORDER NO. 874/1997

The Wokingham District Council (in this Order called 'the Authority') in pursuance of the powers conferred in that behalf by Sections 198 and 201 of the Town and Country Planning Act 1990 and subject to the provisions of the Forestry Act, 1967, hereby makes the following Order:-

- 1 In this Order -
'the Act' means the Town and Country Planning Act, 1990; 'owner' in relation to any land, means a person, other than a mortgagee not in possession, who, whether in his own right or as trustee for any other person, is entitled to receive the rack rent of the land or, where the land is not let at a rack rent, would be so entitled if it were so let; and 'the Secretary of State' means the Secretary of State for the Environment.
- 2 Subject to the provisions of this Order and to the exemptions specified in the Second Schedule hereto, no person shall, except with the consent of the Authority and in accordance with the conditions, if any, imposed on such consent, cut down, top, lop, uproot, wilfully damage or wilfully destroy or cause or permit the cutting down, topping, lopping, uprooting, wilful damage, or wilful destruction of any tree specified in the First Schedule hereto or comprised in a group of trees or in a woodland therein specified, the position of which trees, groups of trees and woodlands as defined in the manner indicated in the said First Schedule on the map annexed hereto which map shall, for the purpose of such definition as aforesaid, prevail where any ambiguity arises between it and the specification in the First Schedule.
- 3 An application for consent made to the Authority under Article 2 of this Order shall be in writing stating the reasons for making the application, and shall by reference, if necessary to a plan, specify the trees to which the application relates, and the operations for the carrying out of which consent is required.
- 4 (1) Where an application for consent is made to the Authority under this Order, the Authority may grant such a consent either unconditionally, or subject to such conditions (including conditions requiring the replacement of any tree by one or more trees on the site or in the immediate vicinity thereof), as the Authority may think fit, or may refuse consent. Provided that where the application relates to any woodland specified in the First Schedule to this Order the Authority shall grant consent so far as accords with the principles of good forestry, except where, in the opinion of the Authority, it is necessary in the interest of amenity to maintain the special character of the woodland or the woodland character of the area and shall not impose conditions on such consent requiring replacement or replanting.

(2) The Authority shall keep a register of all applications for consent under this Order containing information as to the nature of the application, the decision of the Authority thereon, any compensation awarded in consequence of such decision and any directions as to replanting of woodlands, and every such register shall be available for inspection by the public at all reasonable hours.
- 5 Where the Authority refuse consent under this Order or grant such consent subject to conditions, they may, when refusing or granting consent, certify in respect of any trees for which they are so refusing or granting consent that they are satisfied:-
 - (a) that refusal or condition is in the interests of good forestry; **or**
 - (b) in the case of trees, other than trees comprised in a group of trees or in a woodland, and that the trees have an outstanding or special amenity value; **or**

(c) in the case of trees which are comprised in a group of trees or in a woodland, that the trees or the woodland, as the case may be, has an outstanding or special amenity value, but a certificate shall not be given in the case of trees falling within (c) above if the application in respect of them has been referred by the Forestry Commissioners under section 15(1)(b) or 15(2)(a) of the Forestry Act 1967(c).

6. (1) Where consent is granted under this Order to fell any part of a woodland other than consent for silvicultural thinning then unless-
- (a) such consent is granted for the purpose of enabling development to be carried out in accordance with a permission to develop land under Part III of the Act; **or**
- (b) the Authority with the approval of the Secretary of State dispense with replanting

the Authority shall give to the owner of the land on which that part of the woodland is situated a direction in writing specifying the manner in which and the time within which he shall replant such land and where such a direction is given and the part is felled the owner shall subject to the provisions of this Order and Section 203 and 204 of the Act, replant the said land in accordance with the direction.

- (2) Any direction given under Paragraph (1) of this Article may include requirements as to -

- (c) the erection and maintenance of fencing necessary for protection of the replanting;
- (d) the preparation of ground, drainage, removal of brushwood, lop and top; **and**
- (e) protective measures against fire.

7. On imposing any condition requiring the replacement of any tree under Article 4 of the Order, or on giving a direction under Article 6 of this Order with respect to the replanting of woodlands, the authority shall if such condition or direction relates to land in respect of which bylaws made by a river authority, or a drainage board, restrict or regulate the planting of trees, notify the applicant or the owner of the land, as the case may be, of the existence of such bylaws and that any such condition or direction has effect subject to the requirements of the river authority, drainage board, the Conservators of the River Thames or the Lee Conservancy Catchment Board, under those bylaws and the condition or direction shall have effect accordingly.

NOTE: If it is desired to fell any of the trees included in this Order, whether included as trees, groups of trees or woodlands, and the trees are trees for the felling of which a licence is required under the Forestry Act 1967, application should be made not to the Authority for consent under this Order but to the Conservator of Forests for a licence under that Act (Section 15(5)).

8. The provisions set out in the Third Schedule to this Order, being provisions of Part III of the Act adapted and modified for the purposes of this Order, shall apply in relation thereto.
9. Subject to the provisions of this Order, any person who has suffered loss or damage in consequence of any refusal (including revocation or modification) of consent under this Order or of any grant of any such consent subject to conditions, shall, if he makes a claim on the Authority within the time and in the manner prescribed by this Order, be entitled to recover from the Authority compensation in respect of such loss or damage.

Provided that no compensation shall be payable in respect of loss or damage suffered by reason of such refusal or grant of consent in the case of any trees the subject of a certificate in accordance with Article 5 of this Order.

10. In assessing compensation payable under the last preceding Article account shall be taken of;
- (a) any compensation or contribution which has been paid, whether to the claimant or any other person, in respect of the same trees under the terms of this or any other Tree Preservation Order under Section

198 of the Act or under the terms of any Interim Preservation Order made under Section 8 of the Town and Country Planning (Interim Development) Act 1943, or any compensation which has been paid or which could have been claimed under any provision relating to the preservation of trees or protection of woodlands contained in an operative scheme under the Town and Country Planning Act, 1932;

and

- (b) any injurious affection to any land of the owner which would result from the felling of the trees the subject of the claim.
11. (1) A claim for compensation under this Order shall be in writing and shall be made by serving it on the Authority, such service to be effected by delivering the claim at the offices of the authority, addressed to the District Secretary thereof or by sending it by prepaid post so addressed.
- (2) The time within which any such claim shall be made as aforesaid shall be a period of twelve months from the date of the decision of the Authority, or of the Secretary of State, as the case may be, or where an appeal has been made to the Secretary of State against the decision of the Authority, from the date of the decision of the Secretary of State on the appeal.
12. Any question of disputed compensation shall be determined in accordance with the provisions of Section 205 of the Act.
13. (1) The provisions of Section 201 of the Act as amended by Schedule 15 Local Government Planning and Land Act 1980 shall apply to this Order and the Order shall take effect on 30 May 1997.
- (2) This Order shall apply to any tree specified in the First Schedule hereto which is to be planted as mentioned therein, as from the time when that tree is planted.
14. This order may be cited as the Wokingham District Council (Parish of Finchampstead) Tree Preservation Order No. 874/1997.

NOTE: Any person contravening the provisions of this Order by cutting down, uprooting or wilfully destroying a tree, or by wilfully damaging, topping or lopping a tree in such a manner as to be likely to destroy it is guilty of an offence and liable on summary conviction to a fine not exceeding £20,000 or on indictment to a unlimited fine. The penalty for any other contravention of this Order is a fine not exceeding £2,500 on summary conviction.

If a tree other than one to which an Order applies as part of a woodland is removed, uprooted or destroyed in contravention of an Order or is removed, uprooted or destroyed or dies at a time when its cutting down or uprooting is authorised only by a Section 198(6) of the Town and Country Planning Act 1990 relating to trees which are dying or dead or have become dangerous, it is the duty of the owner of the land, unless on his application the local planning authority dispense with the requirement, to plant another tree of appropriate size and species at the same place as soon as he reasonably can. Except in emergency, not less than 5 days previous notice of the removal, etc., Should be given to the authority to enable the latter to decide whether or not to dispense with the requirement.

In respect of trees in a woodland it is sufficient to replace the trees removed, uprooted or destroyed by planting the same number of trees either on or near the land on which the trees removed, uprooted or destroyed stood or on such other land as may be agreed between the authority and the owner of the land, and (in either case) in such places as may be designated by the authority.
