COMMENTS:

I should like to object to this planning application.
My kitchen , utility, toilet , hallway and bathroom window all face
this side I believe the light will be greatly impacted from this
build. Also some of my view.
I park my cars in my drive to the side of where the build will take
place.
I do not want scaffolding in my property for this build, I feel
that I would be very overlooked . Also my drive way is in need or
repair and at this time I don't want any added damage to it.
This could not have come at a worse time for me with a partner in
end of life.
