COMMENTS:

I wish to object to the proposed conversion of Unit 4 Winnersh Fields, Gazelle Close to a planned Islamic education, worship & community centre.

There is significantly inadequate parking in & around Gazelle Close to accomodate this planned change which will likely lead to illegal & unsafe parking.

The increased footfall will lead to added strain on the already chaotic Reading Road - a road that is almost always at a standstill during peak times.

The proposal to locate onto the middle of a working business park will also have an impact on existing businesses, as community centres are rarely located on business parks. Often, business parks experience a high volume of courier deliveries & collections - sometimes involving HGV's. This will present an increased risk to public safety on the site.
