COMMENTS:

I am excited to express my strong support for the above planning application for the proposed change of use of to an Islamic education, worship, and community centre.

This development will serve as a valuable asset to the local community by providing essential educational and religious services while fostering social cohesion. The centre will offer a welcoming space for people of all backgrounds, promoting interfaith dialogue, cultural exchange, and charitable initiatives.

Additionally, the project will bring significant benefits, including:

Educational Opportunities - Providing classes and workshops for children and adults to enhance learning and personal development.

Community Engagement - Serving as a hub for social and charitable activities that support the wider community.

Inclusivity and Diversity - Contributing to a more inclusive society by promoting understanding and unity among different cultural and faith groups.

I trust that the planning committee will recognize the positive impact of this application and approve it in the interest of community development and well-being.
