COMMENTS:

Parking considerations should form a large part of this decision. Other Islamic education centres in the area (such as the Aisha Masjid Mosque on Sutton Seeds Roundabout) contribute to extreme disruption to surrounding residents and businesses due to the sheer demand for parking exceeding supply. Journeys to the centre are not generally made using environmentally sustainable means. My concern would be the impact on local residents and businesses (particularly on the estate), especially during these peak times (Friday 10am - 2pm). Car journeys to the existing houses of worship frequently number in the hundreds and far exceed the capacity of the parking infrastructure provided.
