COMMENTS:

I am writing to object against this.

Traffic in this area is terrible as it is, this business park is for businesses, im sure their trade will also be affected.

There are over 17 places of worship in Reading alone for the Muslim community and i dont feel that more is needed.

The car parking is inadequate and it wont cater for enough people which will cause problems for everyone and for the sikh gurdwara.

Fridays are chaotic at the moment anywhere which is a key day for prayers, the Reading road, a329 and businesses will be greatly effected.

Overall it will just cause disruption to the area and wont be beneficial for anybody.
